# ABOUT BBAPL

Established in 1982, BBAPL brings over 40 years of trusted expertise in construction and engineering.

At BBAPL, we go beyond building — we engineer, design, test, and deliver forward-thinking solutions built to last.

We specialize in Material Testing, Design, Engineering, and PMC services.

From advanced material testing to building sustainable infrastructure, we turn ideas into engineered realities.

Driven by quality, precision, and innovation, BBAPL turns visionary ideas into safe, efficient, and enduring structures.

# OUR TEAM

- **Experienced Professionals:** A diverse team of architects, engineers, and PMC experts with decades of hands-on experience.
- **Technical Excellence:** Deep understanding of structural design, materials testing, and project management.
- **Collaborative Approach:** Cross-functional teamwork ensures precision from planning to execution.
- **Innovation-Driven:** Embracing modern construction techniques, BIM, and compliance with IS & NBC codes.
- **Quality & Compliance Focused:** Every member is aligned with BBAPL's mission of delivering safe, compliant, and future-ready projects.

**PRABHATH KUMAR BHARGAVA**

**FOUNDER**

**PARDEEP TIWARI**

**BUSINESS DEVELOPMENT & CLIENT RELATIONS**

# OUR ASSOCIATES

- **Trusted Partnerships:** We collaborate with reputed architects, consultants, and industry experts across India.
- **Specialised Expertise:** Our associates bring niche knowledge in structural design, MEP, safety audits, and more.
- **Integrated Project Support:** Seamless coordination between BBAPL and associates ensures efficient, end-to-end project execution.
- **Shared Vision for Excellence:** We work with partners who align with our core values of quality, transparency, and innovation.
- **Pan-India Network:** Our growing network of associates enables us to deliver consistent results across multiple locations.

# BBAPL JOURNEY: FROM VISION TO LEGACY

1982

BBAPL, founded in Gwalior, delivers expert architectural, structural, and valuation services—focusing purely on design with integrity, without venturing into contracting or supply.

1989

Incorporated under the Companies Act, BBAPL reinforces its commitment to excellence in engineering and design services.

2018

On July 1, 2018, BBAPL celebrated 36 years of excellence at Hotel Regency, joined by alumni and team members to reflect on its journey and achievements.

2019

BBAPL expanded its services to include valuation, land surveying, structural certification, HVAC, and fire & electrical consultancy—offering more integrated solutions to meet industry demands.

# BBAPL JOURNEY: FROM VISION TO LEGACY

○ **2020**

BBAPL strengthened its focus on sustainable, future-ready infrastructure by adopting eco-friendly practices and advanced materials testing for lasting impact.

○ **2021**

BBAPL's diverse portfolio spans industrial, smart city, commercial, residential, and public infrastructure projects—reflecting its adaptability and engineering expertise.

○ **2023**

BBAPL stays at the forefront of engineering by leveraging advanced technology, strict quality standards, and state-of-the-art labs for accurate testing and innovative designs.

○ **The Future**

BBAPL aims to lead in sustainable engineering by driving innovation, building strong partnerships, and delivering safe, lasting infrastructure for future generations.

# VISION

**To be a trusted national leader in engineering consultancy, delivering quality-driven and future-ready infrastructure solutions.**

**To uphold the highest standards of safety, sustainability, and innovation in every project we undertake.**

# MISSION

- Driving sustainable infrastructure to uplift communities.
- Championing innovation and eco-conscious practices in every project.
- Committed to delivering quality, timely, and cost-efficient solutions.
- Promoting a culture of learning, safety, and environmental stewardship.
- Creating enduring partnerships built on trust, integrity, and excellence.

# OUR SERVICES

● **Material & Structural Testing: NABL-accredited testing for concrete, steel, soil, and more.**

● **HVAC, Fire Safety & Electrical Consultancy: MEP services for system design, safety, and energy efficiency.**

● **Architectural & Structural Design: Custom designs for industrial, residential, and institutional projects.**

● **Valuation Services: Accurate property and asset valuation for legal and financial purposes.**

● **Project Management Consultancy (PMC): End-to-end project supervision, BOQ preparation, and compliance checks**

● **Landscaping Services: Creative and sustainable landscape planning and execution.**

● **Structural Audits & Certifications: Safety audits, stability reports, and load-bearing assessments.**

**40+** Years Of Experience

**30+** Recognitions & Appreciations

**500+** Total Completed Projects

**200+** Clients Across Public & Private Sectors

# OUR IN-HOUSE NABL ACCREDITED LAB

- Soil
- Aggregates
- Cement & Concrete
- Bitumen & Asphalt
- Steel & Bars
- Bricks/Blocks
- Construction-Grade Water
- Mix Design (Nominal & Design)
- Non-Destructive Testing (NDT)

## Why Settle for Standard Testing?

At BBAPL, our Lab Management Solution isn't just about compliance — it's about quality excellence.

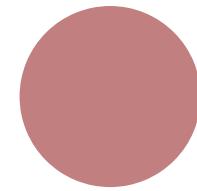

## What sets us apart:

- Site-to-lab sample tracking, end-to-end.
- Inbuilt IS Code & NABL standards validation.
- Customizable test modules to your project's unique material needs.
- Error-free documentation with fully digitized and audit-ready records.

[Read More](#)

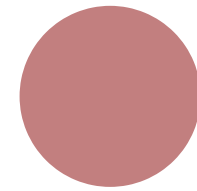

# THE PROCESS

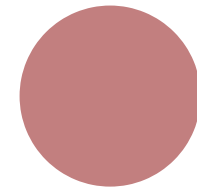

## **Site Assessment & Requirement Gathering**

Detailed site visits and client discussions to understand needs and evaluate technical and feasibility aspects.

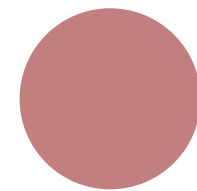

## **Design & Planning**

Development of architectural/structural designs, estimates, timelines, and resource plans tailored to the project.

## **Execution & Quality Control**

On-site supervision, contractor coordination, material testing, and strict quality control for seamless execution.

## **Completion & Handover**

Final inspection, compliance check, and professional handover with continued post-project support if needed.

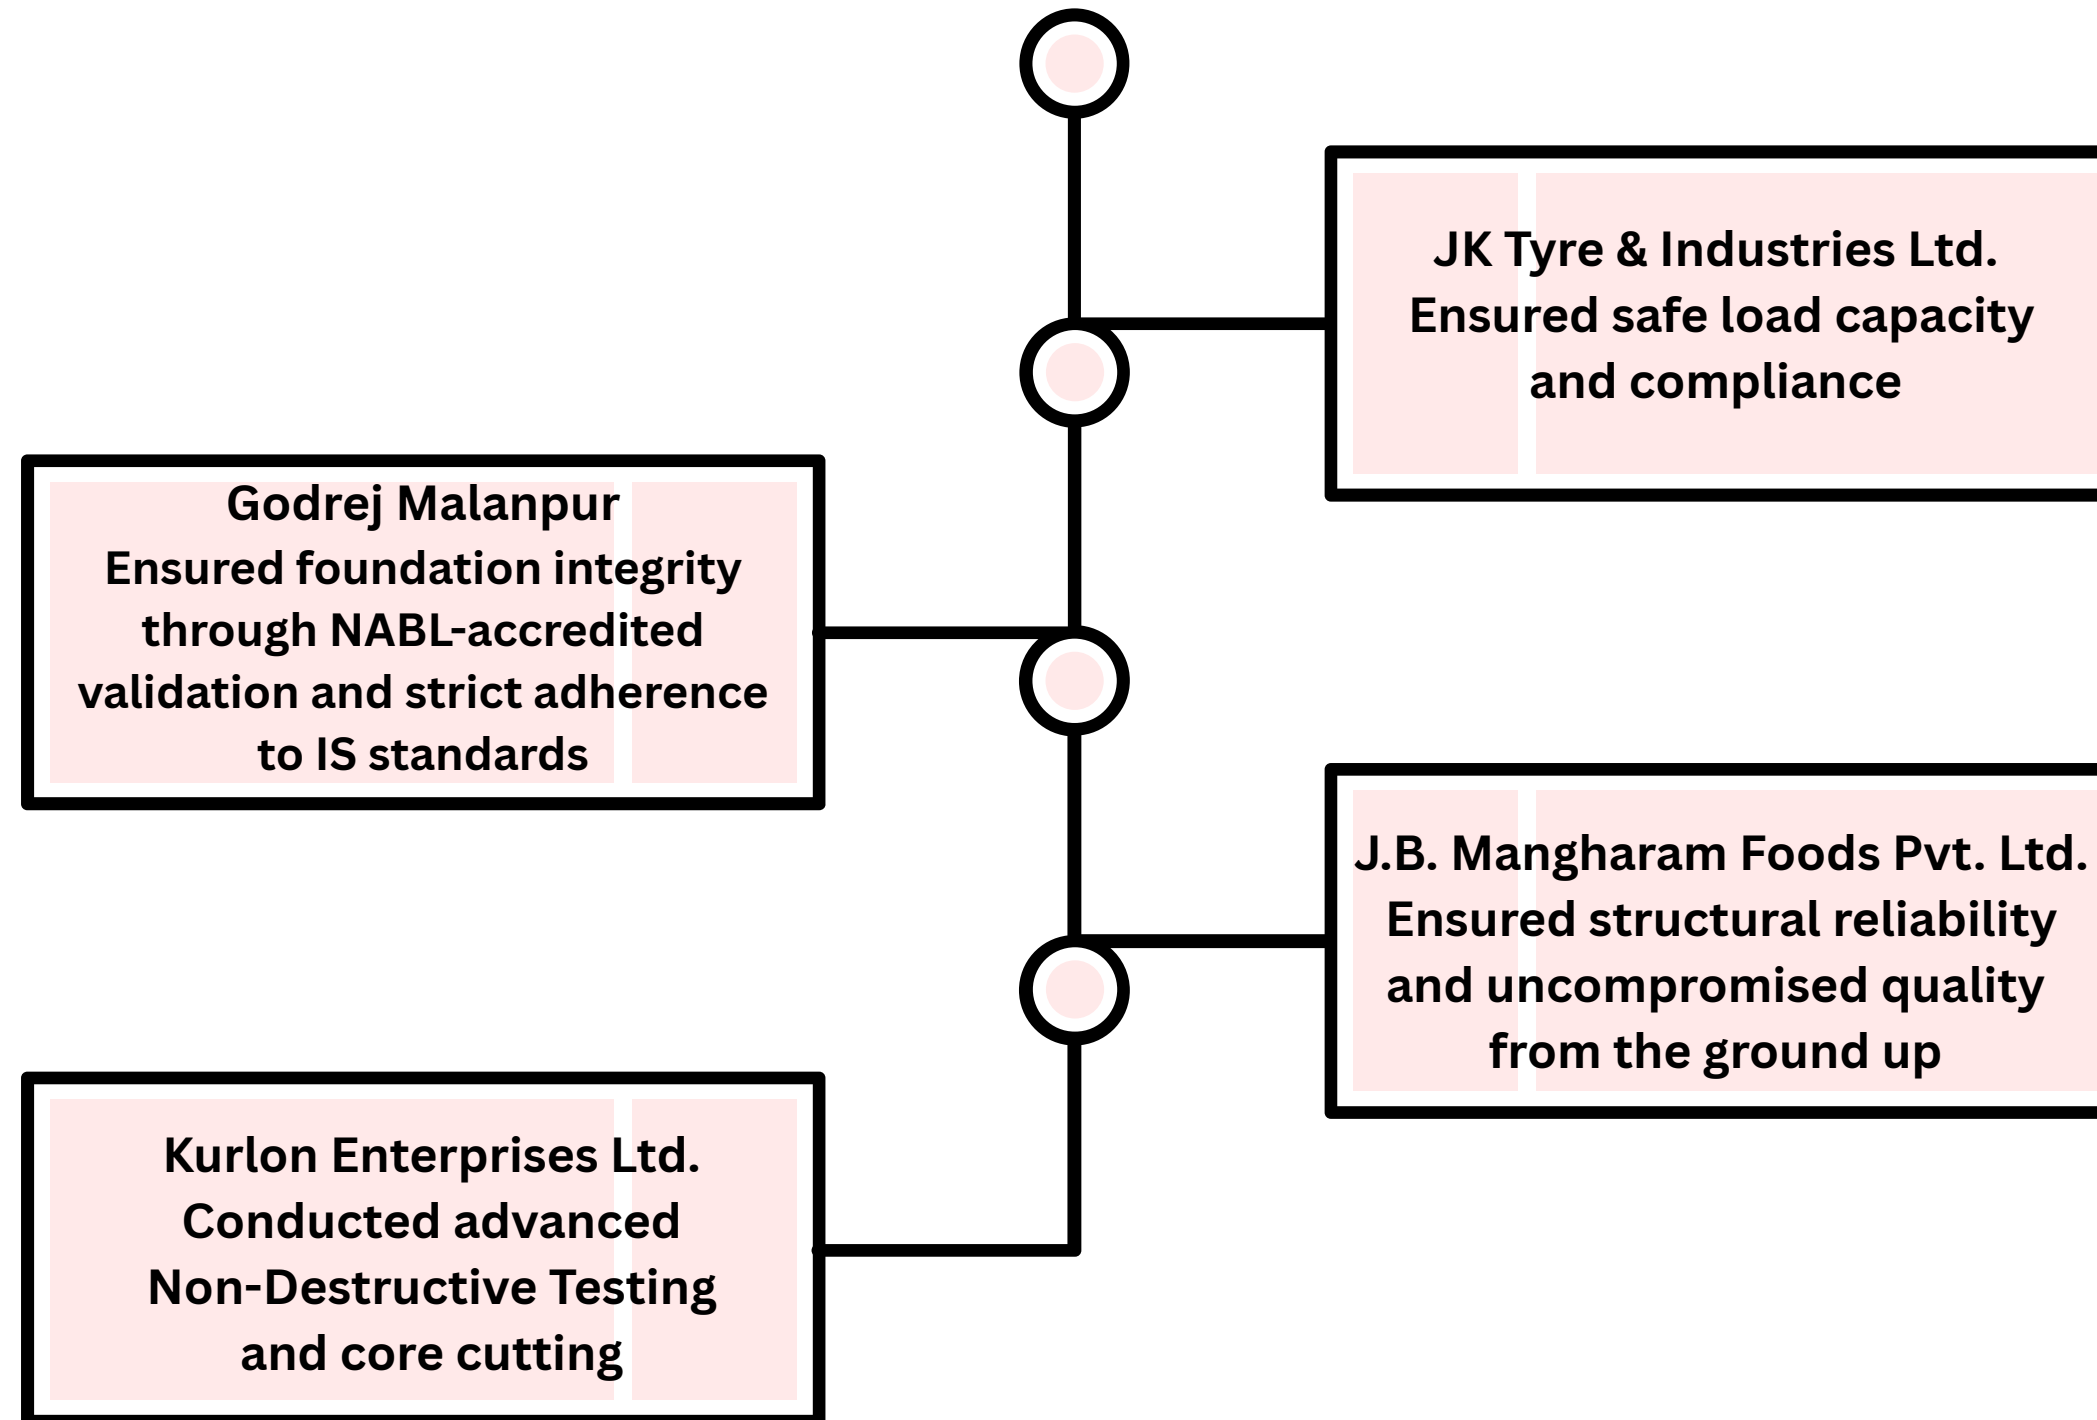

# OUR GOALS

- **Deliver End-to-End Engineering Solutions:** Provide expert services in Project Management, Structural Designing, and Material Testing for seamless project execution.
- **Ensure Quality, Safety & Compliance:** Uphold the highest standards through NABL-accredited testing, code-compliant designs, and rigorous project supervision.
- **Promote Transparency & Timely Delivery:** Empower clients with clear communication, accurate reporting, and on-time, within-budget project completion.
- **Drive Sustainable and Smart Construction:** Integrate innovation and eco-conscious practices to build structures that are efficient, durable, and future-ready.

# OUR RECENT PROJECTS

Trusted by Industry Leaders Across India

➔ Swipe to explore more success stories!

# JK TYRE & INDUSTRIES LTD.

## Scope of Work:

Assessment of the structural load-bearing capacity of an existing mezzanine floor within the client's facility.

## Key Outcome:

BBAPL successfully evaluated the structural strength and stability of the mezzanine floor, ensuring its compliance with safety and operational load requirements. The assessment enabled JK Tyre to make informed decisions regarding the safe utilization of the floor space.

# GODREJ & BOYCE MFG. CO. LTD.

## Scope of Work:

BBAPL provided end-to-end PMC services, covering civil, structural, MEP, and finishing works. The team ensured quality control, safety compliance, vendor coordination, and timely execution.

## Key Outcome:

Delivered a high-precision Godrej manufacturing unit on time and within budget, maintaining top-tier quality and safety throughout.

# KURLON ENTERPRISES LTD.

## Scope of Work:

BBAPL conducted a structural audit of the existing facility, identifying visible and potential damages, assessing load-bearing capacity, and evaluating safety compliance. Corrective measures were recommended based on the findings.

## Key Outcome:

Structural issues were identified and addressed on time, enhancing the facility's safety and durability. Strategic interventions helped extend the overall life of the structure.

# J.B. MANGHARAM FOODS PVT. LTD.

## **Scope of Work:**

BBAPL provided Structural Design, MEP Design (Mechanical, Electrical & Plumbing), Project Management Consultancy (PMC), and complete execution coordination to ensure seamless project delivery.

## **Key Outcome:**

Delivered a fully functional and efficiently designed wafers manufacturing facility with streamlined execution and timely project delivery, ensuring adherence to quality and safety standards.

# OUR CLIENTELE

# WHY CHOOSE BBAPL

- **Trusted Expertise:** Over 40 years of experience in delivering high-quality infrastructure and engineering solutions.
- **End-to-End Services:** From structural design to PMC and NABL-accredited lab testing – all under one roof.
- **Client-Centric Approach:** Timely delivery, transparent processes, and customized solutions tailored to project needs.
- **Future-Ready Innovations:** Adopting BIM, AI, and modern tools to drive efficiency and sustainability in every project.

- **Geographic Expansion:** Grow presence across key cities and industrial zones in Madhya Pradesh and nearby states.
- **Advanced Testing:** Upgrade NABL lab with modern equipment and automation for faster, accurate results.
- **Digital Project Tools:** Use BIM, AI monitoring, and cloud dashboards for smart, transparent project management.
- **Training & Development:** Run in-house programs to upskill engineers, site teams, and technicians.
- **Sustainable Engineering:** Promote eco-friendly, energy-efficient, and low-carbon construction practices.

# FUTURE PLAN

# INNOVATION ROADMAP

- **AI in Construction:** Enables predictive maintenance, schedule optimization, automated quality checks, and risk assessment for smarter project delivery.
- **AI in Material Testing:** Uses machine learning and analytics for real-time anomaly detection and predictive insights, enhancing quality control.
- **Strategic Impact:** Positions BBAPL as a leader in smart, safe, and sustainable infrastructure through tech-driven innovation.

# TESTIMONIALS

Trusted by clients for our consistent quality, dependable service, and professional conduct.

## Seamless Upgrade with a **Trusted Partner**

Collaborating with BBAPL was an excellent experience. Their attention to detail and commitment to timelines ensured our facility upgrade was smooth and efficient. Truly a dependable partner in design and execution.

JK Tyre

## Reliable Testing for **Confident Decisions**

BBAPL's material testing services were thorough, timely, and professional. Their detailed reports and clear recommendations helped us make confident decisions. A trusted partner for quality assurance.
